

Maintenance Engineer

VACANCY: Maintenance Engineer

LOCATION: Rotherham, S60 (Close to Meadowhall, Sheffield)

ABOUT US:

MTL Advanced is a Yorkshire-based steel engineering and manufacturing company operating from a 300,000 sq. ft. facility in Rotherham.

We have invested in an extensive range of technology and equipment and provide services to a range of OEM's from leading industries including defence, security, construction, quarrying, recycling and rail.

Our inhouse capabilities include, large format Laser Cutting and Press Braking, CNC Precision Machining, Fabrication & Welding, Shot Blasting, Painting and final Assembly.

We have an exciting opportunity for a qualified Multi Skilled Maintenance Engineer to join our team. This is a hands-on role where you will be responsible for completing planned and reactive maintenance of all plant equipment. Our Maintenance Engineers provide full technical engineering support to the manufacturing function, involved in preventive, predictive and corrective maintenance, to minimise downtime, reduce costs and maximise productivity.

Any previous experience working with overhead cranes/hoists would be beneficial.

All actions need to be carried out in a safe and professional manor, reporting to supervisors, and filling out daily shift reports and other necessary paperwork.

ABOUT THE ROLE:

- Organising routine servicing schedules / PPM schedules for multiple machines
- Checking and calibrating instruments to make sure they are accurate
- Research principles of machine operation to facilitate repairs
- Fitting new parts
- Carrying out quality inspections
- Responding immediately to equipment breakdowns
- Fixing faults or arranging for replacements to be installed
- Making scheduled checks on machinery and parts
- Finding and fixing faults and recalibrating instruments
- Oiling and cleaning machinery and parts
- Overhauling and replacing parts according to schedule

ABOUT YOU:

- Formal Engineering Qualification
- Full exposure to maintenance, repairs and breakdowns within a metal fabrication / Manufacturing environment
- A flexible approach to be able to adapt to changing and challenging requirements
- Excellent interpersonal and communication skills with the ability to communicate at all levels
- Ability to remain focused on Quality and consistently reiterate its importance to others
- Strong problem-solving skills and the ability to generate innovative concepts and ideas

WHAT WE OFFER:

- A culture of shared values, goals, attitudes and business growth
- Competitive salary
- 33 days holiday (including statutory Public Holidays)

Maintenance Engineer

- Secure onsite free parking
- Life Assurance plan (Death in Service)
- Monthly Prize Draw
- Company pension plan
- Costco Membership
- Reduced gym membership
- Healthcare Scheme
- Colleague Referral Programme: we pay you for successfully referring people to join our team.
- Companywide initiatives to share in our future success.
- A blend of training to support your career development.

We know that our people are the most important asset to MTL Advanced, and we are looking for skilled, passionate and driven professionals to work with our inspirational leaders, promote our culture and enable change. Part of the WEC Group, with expertise across the manufacturing industry, a leading UK facility, innovation and investment make MTL a great choice for your career.
