

Job Title: Project Engineer
Department: CCTV
Hours of work: Monday – Friday 8:00am – 5:00pm

Privately owned for over 40 years, and now one of the UK's leading & multi award winning Engineering companies, WEC is looking to recruit an experienced and enthusiastic Project Engineer to join our busy and expanding team based in Darwen, Lancashire.

This is a fantastic opportunity offering an excellent salary and benefits package for an experienced and driven **Project Engineer**, who wishes to progress within a dynamic and rapidly expanding engineering firm.

With a wide and varied customer base, and an ever expanding work load, WEC can offer the opportunity to work on some prestigious engineering projects for the right candidate.

Responsibilities

Essential:

- Ability to read and work from detailed engineering drawings noting this will form part of the interview process.
- Good all-round engineering and fabrication background.
- Preparing, schedule and monitoring assigned engineering projects.
- Generating Autocad manufacturing drawings for customer approval.
- Excellent communication skills with the ability to liaise closely with key account clients over multiple projects.
- Manage the projects from initial enquiry to completion.
- Knowledge of all welding methods and techniques.
- Full driving licence.

Desirable:

- CPCS and/or CSCS accreditation.
- Previously worked within the security industry.
- IPAF accreditation.
