- Main point of contact for designated blue-chip customers face to face, email and phone
- Manage customer requirements and expectations including variations from original order
- Prepare accurate timelines and progress reports for all aspect of each project
- Document preparation; Production schedules, project progress
- Develop a commercial awareness of contracts handled
- Progress the manufacture of all parts required to schedule
- Involvement in design and quotation process

## **ABOUT YOU:**

- Apprentice trained in Welding / Fabrication / Mechanical engineering
- A flexible approach to be able to adapt to changing and challenging requirements
- Excellent interpersonal and communication skills with the ability to communicate at all levels
- Ability to remain focused on Quality and consistently reiterate its importance to others
- Strong problem-solving skills and the ability to generate innovative concepts and ideas

## **WHAT WE OFFER:**

# PROJECT ENGINEER

- A culture of shared values, goals, attitudes and business growth
- Competitive salary
- 33 days holiday (including statutory Public Holidays)
- Secure onsite free parking
- Life Assurance plan (Death in Service)
- Monthly Prize Draw
- Company pension plan
- Reduced gym membership
- Healthcare Scheme
- Colleague Referral Programme: we pay you for successfully referring people to join our team.
- Companywide initiatives to share in our future success.
- A blend of training to support your career development.

## WORKING HOURS:

- 41.5 hours per week
  - Monday - Friday
  - 0700 – 1600 (0700-1230 Friday)

We know that our people are the most important asset to MTL Advanced, and we are looking for skilled, passionate and driven professionals to work with our inspirational leaders, promote our culture and enable change. With expertise across the manufacturing industry and a leading UK facility, innovation and investment make MTL a great choice for your career.
