

Role and Responsibilities

Job Title: Sheet Metal Worker
Reporting To: General Manager
Hours: Monday -Thursday 7:30am – 16:30pm & Friday 7:30am - 1:00pm

Sheet metal worker needed!

Laser Profiles have recently been acquired by the WEC Group Ltd in the aim to extend the service we can provide to our customers across the UK. The WEC Group have been providing Metal fabrication services for the past 40 years and have become known as one of the leading UK Fabrication companies

With this planned expansion, we are now on the lookout for a skilled Sheet Metal Worker to join us!

Role Overview

As a Sheet Metal Worker, you will be responsible for fabricating, assembling, and finishing metal parts, primarily working with our laser-cut profiles. You will work closely with the production team to ensure all products meet the highest quality standards and are delivered on time.

Knowledge, Skills, Experience

- TIG Welding & Fabrication Experience
- Experienced in the ability to read engineering drawings
- Experience in brake press setting & operating
- Use of basic inspection equipment
- Ability to work effectively and use own initiative
- Good communicator at all levels

Working Location/Environment

Wimborne Minster, Dorset

Company Benefits

- 25 days holidays plus bank holidays.
- Free car parking
- Company pension scheme
- Employee benefit loan scheme
- Company profit share scheme
- Cycle to work scheme

How to Apply

All CVs to be sent to our Recruitment Team by email recruitment@wecl.co.uk or by post: WEC Group Ltd, Springvale House, Springvale Road, Darwen, Lancashire, BB3 2ES
